

INMATE PROGRAM HOUSING

1205.1 INTRODUCTION

- (a) Program Housing Units are dedicated housing areas within our jail system that provide a variety of programs and services designed to enhance an inmate's rehabilitation while in custody, as well as maximize the chances of an inmate's successful transition to the community upon release. Some of the programs and services offered include substance abuse recovery, anger management, general and law library services, religious and inspirational programs, and pre-release preparation and assistance, among others. Each program housing unit is tailored to specific groups within the inmate population. Current inmate program housing includes:

 2. Transitional Age Youth ("TAY")
 - i. The TAY program is part of a research study through the University of California Irvine (UCI), with the goals of promoting emotional well-being and preventing future criminal behavior among incarcerated young adults.
 - ii. Programming and services for the TAY unit is managed primarily by UCI, with assistance from the Inmate Services Division, the Programs Sergeant, and the Population Management Unit (PMU).

1205.2 SCREENING AND PLACEMENT

(a) Screening Overview

1. The Population Management Unit (PMU) will screen all potential candidates for program housing units. The primary goal of this screening process is to determine if placement of a particular inmate would present any potential safety or security risks to inmates or staff. PMU will collaborate with relevant program stakeholders to determine an inmate's suitability for participation in a program, as well as if the inmate would benefit from the programming and services offered.
2. Screening frequency for each program will be established in collaboration with all relevant stakeholders, and will be based on program requirements, operational needs, housing constraints, and space availability.
3. When conducting candidate screening, PMU shall review documentation for each inmate's current and prior custody terms, as well as their criminal history, via the following sources:
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
 - [REDACTED]
4. All inmates currently in custody may request consideration for placement into a program housing unit by submitting a message slip addressed to "PMU - Theo Lacy - Special Services Bureau". If an inmate requesting consideration for placement has a classification level that falls outside the classification

requirements for that program housing unit, PMU will review the inmate's recent criminal and institutional history to determine if a change in classification level would be suitable, such that the inmate has meaningful opportunity to access and participate in the program housing unit. If a classification change is suitable, PMU will still conduct further screening per the additional guidelines and criteria to determine eligibility (see sections 1205.2(b) and (c) below).

5. If an inmate is disqualified during screening, removed from a program unit after placement, or leaves a program unit voluntarily, they may submit a message slip requesting re-consideration for placement. However, inmates are limited to submitting one request every 30 days. Any requests received less than 30 days from the date of the last request will not be considered.
6. If an inmate is screened and approved for placement into a program unit, PMU will document the approval on a "Misc" tab in the inmate's classification record.
7. Any inmates disqualified for placement during a periodic screening of the entire population (for certain programs) do not need documentation on their classification record of the disqualification.
8. If an inmate submits a request for placement or re-entry into a program unit and is not approved, PMU will document this on a "Misc" tab in the inmate's classification record.
9. The Department reserves the right to make any modifications to the mandatory prerequisites and screening criteria outlined above, based on facility needs or other operational factors.

- (b) Inmates will have access to the dayroom (cell doors open) from [REDACTED] [REDACTED] Inmates will return to their cells at [REDACTED] and close their doors. Housing staff may lock down inmates as needed for exigent circumstances (i.e., major disturbance, medical emergency, facility-wide lockdown, etc.), but should resume normal programming as soon as feasible, or at the direction of their Sergeant or Watch Commander. Pivot Program inmates do not have a dedicated housing unit and are housed among the general population. Therefore, these inmates will be afforded dayroom access in accordance with established policies and procedures for their specific housing locations.
- (c) It is expected that daily operational activities (meal service, safety checks, medication distribution, etc.) will be conducted while inmates are out in the dayroom. However, staff may lock down inmates for these activities at their discretion if any safety or security concerns become apparent. Per [CCOM Section 1719.2\(a\)\(5\)\(i\) – Module Book Counts](#), inmates will return to their assigned bunks for module book counts. During module book counts, cell doors may be open or shut, at the discretion of housing staff.
- (d) Inmates housed in program units will receive the same amount of outdoor recreation time afforded to all other inmates, per [CCOM Section 1600.3\(m\) – Recreation Programs](#). Inmates are permitted to participate in outdoor recreation with others who are housed in the same program unit, even if they have a different GP classification level.

1205.4 REMOVAL PROCEDURES

- (a) Exigent Removal
 - 1. If housing staff identifies or are made aware of a serious, specific, and articulable security or safety concern for an inmate, staff member, or visitor (i.e., fight, threats of assault, major disturbance, etc.), the following steps shall be taken immediately:
 - i. Housing staff shall ensure the involved parties are in, or moved to, a safe location.
 - ii. Housing staff shall call the Classification Unit at their respective facility. Classification staff will advise if the inmate(s) involved should remain in their current housing location, moved to another temporary housing location, or escorted to the booking loop.

 - iv. Classification staff shall notify PMU of the incident by phone during normal business hours, or by email after hours.
 - v. Due to the more complex nature of placement, the services offered, and additional stakeholders involved in these program units, Classification staff shall coordinate with PMU to investigate the incident and interview the inmate(s) prior to completing the classification review.

Regardless of the outcome, PMU will notify the relevant program stakeholders of the incident via email.

(b) Non-Exigent Removal

 - ii. PMU will review the request, investigate the circumstances, and interview the inmate if necessary. The removal request, along with all related findings and determinations, shall be documented on a "Misc" tab in the inmate's classification record.
 - iii. Depending on the circumstances, the removal request may warrant a Classification Review for possible re-classification and/or removal from the program. In these cases, PMU will forward the information to Classification staff, and will coordinate with them to complete the classification review process.
 - iv. Once the investigation is complete, PMU will reply directly to the staff member that submitted the request, notifying them of the disposition. PMU will coordinate with Classification and housing staff to re-house the inmate if deemed appropriate.
